## EXPERIENCE

### Analyst

#### eClerx Private Limited

June 2023 – Ongoing

Navi Mumbai

- During my tenure at WordPress, I undertook diverse tasks that showcased my proficiency. Notable accomplishments include crafting interactive contact pages, designing impactful testimonials, implementing intricate form structures, and seamlessly integrating form submissions with spreadsheets. My multifaceted contributions reflect my adaptability and commitment to delivering comprehensive solutions.

### Data Analyst Intern

#### Tare Zameen Foundation

Nov 2021 – Dec 2021

WFH

- Orchestrated comprehensive data collection methodologies, ensuring a robust foundation for analysis and strategic decision-making processes.

## PROJECTS

### Project 1

#### Chat Application and Website

6 months

- Embark on a visually engaging journey with our newly introduced sleek slider feature, elevating both our chat application and website! This dynamic component not only enhances the aesthetic appeal but also facilitates seamless exploration of featured content and updates. Immerse yourself in a more interactive and dynamic browsing experience, skillfully integrated through a blend of HTML, CSS, and JavaScript. Elevate your user interface and make navigation a delightful experience with this stylish and functional slider feature.

### Project 2

#### E-Commerce Website

Revolutionize your online shopping experience with our E-Commerce website! Meticulously crafted with HTML, CSS, and JavaScript, it seamlessly integrates with a robust database for a dynamic shopping journey. What sets it apart? The power of React.js, enhancing user interactivity and responsiveness. Immerse yourself in a shopping experience that blends cutting-edge technologies to redefine online retail. Welcome to the future of E-Commerce, where every click is a step into a more dynamic and user-centric shopping universe.
